### Press Release | Mitsubishi Motors Corporation

GDI Engines and Carbon Buildup. See more from CRC. Fuel additives and detergents in gasoline do not help to prevent carbon buildup on the intake valves of a GDI engine. CRC GDI IVD Intake Valve and Turbo Cleaner is specifically formulated to safely break down carbon deposits without causing large chunks to break off and potentially damage the ...

### mivec.co.nz

Gasoline direct injection (GDI), also known as petrol direct injection, is a mixture formation system for internal combustion engines that run on gasoline (petrol), where fuel is injected into the combustion chamber. This is distinct from older manifold fuel injection systems, which inject fuel into the intake manifold.
