The New Urbanism is a design movement toward complete, compact, connected communities—but it is also a generator of ideas that transform the landscape. Communities are shaped by the movement and flow of ideas, and the New Urbanism has been a particularly rich source of the currents that have directed planning and development in recent decades.

Good Urbanism | SpringerLink

In *Good Urbanism: Six Steps to Creating Prosperous Places*, Dr. Nan Ellin argues that part of the problem is that we are still largely depending on a traditional planning paradigm.

Throughout the nine chapters in this richly illustrated book, Ellin identifies the barriers to good urbanism inherent in conventional approaches and outlines a practical roadmap to overcome them.
