known book, and there's probably a free eBook or two for this title. The original work is in the public domain, so most of the variations are just with formatting and the number of illustrations included in the work. However, you might also run into several copies for sale, as reformatting the print copy into an eBook still took some work. Some of your search results may also be related works with the same title.

Edit 8-16-08: I'm letting the site expire guys. I can't keep paying for it. I kept it going as long as I could. It may still work for a while but it will ask you to sign up for an account (free) and pay for the bandwidth (usually only 30-50 cents per manual). No idea when it will stop working completely. In the meantime, a new member here (sunblock) has offered some hosting free of charge.
