In his final work, *Interpreting the Renaissance*, published here in English for the first time (the Italian edition, *Ricerca del Rinascimento*, appeared in 1992), Tafuri analyzes Renaissance architecture from a variety of perspectives, exploring questions that occupied him for over thirty years.

Renaissance (2)

The Prince. The Prince (Italian: Il Principe [il 'printcipe]) is a 16th-century political treatise by the Italian diplomat and political theorist Niccolò Machiavelli. From correspondence a version appears to have been distributed in 1513, using a Latin title, De Principatibus (Of Principalities).
