Life Without Buildings - New Town

The New Town is a central area of Edinburgh, the capital of Scotland. A masterpiece of city planning, it was built in stages between 1767 and around 1850, and retains much of its original neo-classical and Georgian period architecture. Its best known street is Princes Street, facing Edinburgh Castle and the Old Town across the geographical depression of the former Nor Loch.

New England town - Wikipedia

The possibility of building new towns had been accepted in 1945 by a government committee chaired by Lord Reith, the founder of the BBC. The committee included a number of leading figures in the Town and Country Planning Association, originally the Garden Cities Association founded in 1899. New towns.

BBC - Culture - Brasilia: Building a city from scratch

The new towns in the United Kingdom were planned under the powers of the New Towns Act 1946 and later acts to relocate populations in poor or bombed-out housing following the Second World War. They were developed in three waves. Later developments included the expanded towns: existing towns which were substantially expanded to accommodate what was called the "overspill" population from densely ...
