Posthuman Books - Goodreads

Posthuman or post-human is a concept originating in the fields of science fiction, futurology, contemporary art, and philosophy that literally means a person or entity that exists in a state beyond being human. The concept addresses questions of ethics and justice, language and trans-species communication, social systems, and the intellectual aspirations of interdisciplinarity.

Our aspiration to omnipotence has led to the enhancement of our capacities so far beyond our species' limits that we created our genetic successors. Inevitably, the evolved reached their first realization as a unified entity: the extinction of humanity as we know it. Posthuman pits you as one of the last human survivors in a world where nature is reclaiming the planet and our evolved offspring ...

The release features three original tracks of serious machine-driven acid techno & electro and a remix from label boss Posthuman. Our pick and jubilee 100th premiere here at Delayed, 'Magneticon,' is a 'slow burner.' The trippy 303 bass line is the main driver that goes flawlessly with a slow-paced rumbling groove in a background.

Posthuman: A Suspense Thriller Kindle Edition - amazon.com

The Posthuman by Rosi Braidotti is an impressive display of intellectual virtuosity, but I suspect it may be an exercise in futility as well. The author subtly interrogates a vast range of works that purport to be post-humanist or zocentric, from deep ecology to ecofeminism, concluding that they are ultimately tied to anthropocentric and ...
