Promecam Press Brake Manual - WordPress.com

We have an older 48"/25T Promecam manual brake. We got it for 1200 bucks because it wouldn't build any pressure--the seller just wanted it gone. On our machine the pump is in the reservoir and is chain driven by an externally mounted motor. Pressurized fluid flows from the pump through a hard line that connects to a bulkhead fitting which in ...

Shears - Empire Machinery - Winnipeg Manitoba Canada

The latter would be the least onerous to repair and is, to my mind at least, the most likely scenario, but I'm wondering what others think. We've been in business for many ears but have no experience with brakes and shears. We got the brake for a pretty good price (\$1200) so we thought it was worth taking a chance. Anybody have any ideas?
