The saints that now presided over churches and the ancestors that had first established a dynasty were an especially crucial part of creative memory. Scholars have long known that many of our primary sources for the period were written well after the events they describe, so that, for example, the reign of Clovis is known principally from the *Historia* of Gregory of Tours, composed nearly a century later.

### **Rewriting Saints And Ancestors Memory**

The long-dead saints who presided over churches and the ancestors of established dynasties were an especially crucial part of creative memory, Constance Brittain Bouchard contends. In *Rewriting Saints and Ancestors* she examines how such ex post facto accounts are less an impediment to the writing of accurate history than a crucial tool for understanding the Middle Ages.
