Shogun's were very nicely made at one time, especially the ones made in Japan. The picture is a bit blurry but it appears to be in remarkable condition. The bike is a fairly simple machine, get yourself an older bicycle maintenance manual (used bookstores always carry a few)...that way it is relevant to your "older" Shogun, and have at it.

To the Internet Archive Community, Time is running out: please help the Internet Archive today. The average donation is \$45. If everyone chips in \$5, we can keep our website independent, strong and ad-free. That's right, all we need is the price of a paperback book to sustain a non-profit library the whole world depends on.

VIDEOS & MANUALS - Kent International

User Manual Conventions The Shogun is designed to a high standard but there are some things you should be aware of to prolong the life of the unit and for your own safety. Using the Shogun safely Although the Shogun is very lightweight compared to all the devices it replaces, it is still a solid object that could cause injury if misused.
