The invention of the aqua-lung in 1943 led to modern recreational diving. Recreational scuba diving grew out of related activities such as Snorkeling and underwater hunting. For a long time, recreational underwater excursions were limited by breath-hold time.

PADI 3rd Ed. of The Encyclopedia of Recreational Diving

...

While the Encyclopedia of Recreational Diving is a very informative book, it is not the "heavy" reading that one might expect from a PADI manual. The terminology and concepts covered in this book nicely supplement what one learns throughout the recreational diving classes -- novice open water dives, advanced techniques, underwater navigation, and rescue techniques.
