Constitutional Rights Foundation

Natural law, system of right or justice held to be common to all humans and derived from nature rather than from the rules of society (positive law). Its meaning and relation to positive law have been debated throughout time, varying from a law innate or divinely determined to one determined by natural conditions.

Natural Law: The body of Cicero’s political philosophy is composed of three related elements— a belief in natural law, natural equality and the [...]

Ethics Exam 2 Study Flashcards | Quizlet

Natural law and natural rights follow from the nature of man and the world. We have the right to defend ourselves and our property, because of the kind of animals that we are. True law derives from this right, not from the arbitrary power of the omnipotent state. Natural law has objective, external existence.
