Human law is the interpretation of natural law in different contexts (ST II.I.95-97). Like Aristotle, Aquinas believed that just laws relate to the species, so the collective good comes before the ...

Natural Law Theory - An Explanation - Seven Pillars Institute

Natural law (Latin: ius naturale, lex naturalis) is law that is held to exist independently of the positive law of a given political order, society or nation-state. As determined by nature, the law of nature is implied to be objective and universal; it exists independently of human understanding, and of the positive law of a given state, political order, legislature or society at large.

Natural Law Theory

Natural Law theorists often argue, for example, that because God's laws (and laws of nature in this case) dictate the purpose of sexual intercourse is reproduction, it is unnatural and thus, immoral to have sex for any other purpose. The fallaciousness of this reasoning is especially obvious when we consider natural tendencies which, are ...

“Natural Law” Arguments Against Same Sex Marriage Break ...

Since there are no necessary connections between, on the one hand, evaluating a particular sexual act or a specific type of sexual activity as being natural or unnatural and, on the other hand, evaluating its moral and nonmoral quality, why would we wonder whether a sexual act or a type of sex was natural or perverted?

Philosophy of Sexuality | Internet Encyclopedia of Philosophy

Since sex is ordered, it is also able to be disordered. Anything that contradicts the purpose of sex is a disorder. Sexual intercourse is the only natural way to conceive a child, which is why it must be open to procreation. Sexual intercourse is also able to connect the spouses on a very intimate, spiritual level.

Natural Law Revealed by J. Budziszewski | Articles | First ...

Natural Law Theory can be held and applied to human conduct by both theists and atheists. The atheist uses reason to discover the laws governing natural events and applies them to thinking about human action. Actions in accord with such natural law are morally correct. Those that go against such natural laws are morally wrong.

The argument seems never to end. The problem is that our willingness to grasp the refutations is all too easily undermined by sexual greed, weakness of will, evil habit, vicious custom, and depraved ideology. Even though the natural realities of marriage are fully knowable by unaided reason, they may not be fully known by it. The narrative of ...
